Dear respected colleagues,

Thank you for registering to participate in the third online meeting of the FSTP Community of Practice on Tuesday, 6 February 2024 at 11:00.

The purpose of the third online meeting is to present key findings and recommendations from the Annual FSTP CoP meeting held on 8 – 9 November 2023 in Sarajevo, BiH and the follow-up calendar of events for this year.

Following the recommendations from the Annual meeting held, at this meeting, we will also discuss the proposal of introducing national focal points for FSTP. The upcoming meeting is a great opportunity to exchange updates and information about the further development of the national FSTP capacity-building activities and practices.

This meeting is open for all interested participants no matter whether you are a registered member of the FSTP CoP LinkedIn group. This Community of Practice is open to all FSTP implementors and those planning to become an FSTP implementor.

The Community of Practice was established in February 2023 and is hosted via the LinkedIn platform. The CoP gathers at the moment 278 members including civil society organisations implementing Financial Support to Third Parties (FSTP), experts, EC/EUD professionals and other interested persons. If you have not yet joined the LinkedIn group, we are inviting you to join and start sharing your experiences and inquiries for assistance. There, you can review materials published from previous capacity-building activities conducted and meeting events organised. Just visit the [LinkedIn platform](#).

For more information about the already produced FSTP resource materials and events implemented, please visit our online library at the [TACSO website](#).

For more information, please contact Ms Andreja Tonč, EU TACSO 3 Key Expert for Capacity Building at capacitybuilding@tacso.eu.

The **agenda** of the meeting is presented on the next page of this document.
